

# WHAT YOU CAN EXPECT FROM OPT HEALTHY

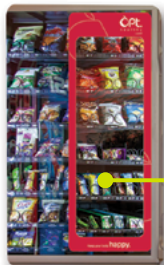

## OPT PRODUCTS

Chips, nuts, cereal and protein bars, healthier beverages: all meet wellness criteria, being lower in calories, reduced saturated fats, and trans-fat free. These are just some of what you can expect in OPT healthy choices.

## DESIGN

The OPT machine's appealing design creates an inviting environment for consumers, rather than an aggressive intrusion.

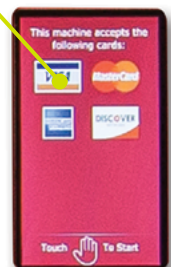

## TWO FORMATS

OPT Healthy can be implemented as a full machine (100% healthy product) or through the OPT Healthy Zone (approximately 30%), with an eye-catching frame to make it easy to identify the healthier options quickly.

## TOUCHSCREEN

OPT Healthy offers a fully integrated experience using the interactive touchscreen to browse products and review nutritional information before you buy.

## CONSUMER EDUCATION

Printed and digital materials provide nutritional education to help our consumers on their journey toward healthier eating. Other vending solutions just sell product.
